Parents needed

We are always looking for parents to help facilitate playgroups. Parent involvement is how we keep so many playgroups happening in our communities. There is about a 2-3 hour time commitment per playgroup and many children and families benefit. Talk to your playgroup leader if you are interested.

If you are unable to commit to facilitating a playgroup, you can assist by helping to clean up at the end of group by putting toys away, sweeping floors, washing tables, or keeping an eye on their child. Many hands make the load light.

Sick Children

We ask that you do not bring your child to playgroups if he/she (or you) have experienced *any of these symptoms anytime in the previous 24 hours*:

- fever above 100 degrees
- vomiting
- diarrhea
- unidentified rash
- discharge from the eyes and/or nose that is not clear.

Group closing due to weather

If the school district in which a playgroup is scheduled is closed due to weather, playgroup will also be cancelled for that day.
